

ABOUT THE PROJECT

Teachers: Agents of change.

A strategic approach to anchoring development education in Czech and in Polish formal education systems.

In a nutshell

The project aims at introducing courses in development education in the area of teacher education at selected universities in the Czech Republic and Poland.

A new generation of tutors, equipped with sufficient knowledge and skills necessary to teach development education in schools, will educate next generations of citizens, voters and actors in development on all levels.

Project consortium

Člověk v Tísni/ People in Need, Czech Republic (lead partner)

Instytut Globalnej Odpowiedzialności/ Institut of Global Responsibility, Poland
